FRONT END

(JS (Es6+)) (HTML) (CSS) (Git) (AI Tools)
(React) (TailwinCSS)

DESIGN

(CorelDRAW) (Photoshop) (Fusion 360)
(Illustrator) (Blender)

PORTFOLIO

www.serafimov-dev.github.io

A single-page React application
styled with Tailwind CSS.
It dynamically loads a collection of my
design work from the past 10 years using
an external JSON file. The app includes
category-based filtering and a
responsive modal for detailed previews
of each design.
The project is organized using reusable
components and makes use of core
React hooks like useState and useEffect
to manage state and side effects
efficiently.
